Celebrate & Share, founded by Bonnie DiCarlo and JoAnn R. Forrester in 2002, features the achievements of women, and raises funds for organizations which focus on the needs of women and children in our community.

Cribs for Kids® was founded in 1998 right here in Pittsburgh by District Attorney Stephen A Zappala, Jr., Cribs for Kids® Executive Director, Judith Bannon, and the late Mayor Bob O'Connor and Commander Gwen Elliott. Since then, the program has networked throughout Pennsylvania and has grown to more than 350 partners in 48 states. Judith Bannon, with her staff and volunteers, continues tirelessly to spread the word about reducing SIDS and accidental suffocation by providing free cribs for Infants and educating parents about practicing safe sleep for their babies. Since the beginning of the campaign that recommends infants sleep on their backs – the "Back to Sleep" campaign – the incidence of SIDS has been reduced by fifty percent.
