SAFE SLEEP SPOTLIGHT

CHECKED TO A SUCCESSFUL SAFE SLEEP AWARNESS WEEK! The event was a resounding success with families annually joining in the celebration. We were touched by the local support and the many devoted volunteers that made it possible to spread the message of safe sleep.

SAFE SLEEP CHAMPIONS

HUB CHECKS IN TO THE ONLINE EVENT安全睡眠冠军

October 21, 2022 - Our Safe Sleep Champions come together each year to raise awareness and provide resources to families. The event was a virtual gathering where parents and medical professionals shared stories and insights on the importance of safe sleep practices. The day was filled with educational sessions and engaging activities, ensuring that the message was reached to a wide audience.

SAFE SLEEP COMFORT WALL

Looming large on the Comfort Wall was the image of a happy baby, serving as a visual reminder of the joy that safe sleep brings. The wall was a focal point of the online event, showcasing photos and stories from families who have benefited from the message of safe sleep. It was a powerful display that helped spread awareness.

PARTNERSHIP DISCUSSION ON LEAD-POSITIVE AWARENESS

Safe Sleep Tesamone, 6 Basel Public School
do not use the term

Lead poisoning is a serious public health issue that affects children across the globe. It's crucial that we educate ourselves and our communities on the steps we can take to prevent lead exposure. Our partnership aims to highlight the importance of lead safety and encourage proactive measures to protect children.

SAFE SLEEP ANNIVERSARY CELEBRATION

October 20, 2022 - We celebrated the 10th anniversary of Safe Sleep Awareness Week with a special virtual celebration. This event brought together friends, family, and professionals to commemorate a decade of progress and recognize the ongoing work needed to ensure safer sleep for infants.

SAFE SLEEP REMINDER

November 15, 2022 - It’s a reminder to parents to keep in mind the basics of safe sleep. The message is clear: keep your baby safe while they sleep. Ensuring a safe sleeping environment can have a profound impact on the health and well-being of our little ones.
